

AGENDA
Wright County Northwest Quadrant Plan
Water Quality/Natural Resource Committee Meeting #9

Thursday, November 20, 2008
1:30pm

Wright County Government Center Room C118 (Sheriff's Conference Room)

I. Finalize Map

- Staff would like to prepare a "final recommendation" for the Planning Commission

II. Guest Speaker - Don Adams, Stearns County

Don Adams is the Director of the Environmental Services Department for Stearns County. The Environmental Services Department includes divisions for Environmental Health, Agriculture and Water Resources, and Land Use. Stearns County has long enforced shoreland management programs, but does not have the long history of county-wide zoning that exists in Wright County. Stearns County has established a "Shoreland Review Panel" which has the duty "to authorize or deny shoreland alterations through a major shoreland alteration permit." Stearns County also licenses any contractors who do land alteration work in shoreland areas. We have asked Mr. Adams to share his insights on these programs, and Mr. Salkowski and Mr. Adams can both discuss the similarities and differences in the two County's shoreland programs.
